

Chocotastic

English

Children will look at a variety of story books and poems linked to the topic including the Chocolate Monster and Charlie and the Chocolate Factory. They will be building on words they can use to extend their sentences. Children will also build and develop on their skills by making simple additions and revisions to their work.

Phonics

Children will continue to learn Y2 spellings and develop the skills they need to have to be life-long spellers. They will also read and spell Y2 tricky words.

Reading

We will be continuing reading groups to help children develop fluency, prosody and comprehension.

RE

How does a celebration bring a community together?

Children will:

- Explore celebrations linked to Jews, Muslims and Christians.
- Retell the nativity story.
- Be able to describe the importance of Jesus
- Explain the link between Christmas and Easter,
- Explain how Muslims celebrate Eid.
- Explain how Jews celebrate Hanukkah.

Geography

Children will be learning the seven continents and where they are in the world. We will also learn about the equator and the features of hot and cold countries. We will be looking at some of the similarities and differences between the UK and Kenya.

PE

In PE will be doing yoga and learning some basic yoga poses. We will also be learning how to accurately roll, throw and kick a ball, as well as sending a ball using different equipment.

Computing

What is a Computer?

Children will learn:

- Name some computer peripherals and their functions.
- Recognise that buttons cause effects
- Explain that technology follows instructions.
- Recognise different forms of technology.

PSHE

In PSHE, we will be learning about ways that adults get money and look at the role of bank accounts. They will recognise the difference between a want and a need.

Maths

In maths, we will be adding and subtracting ones and tens to and from 2-digit numbers. We will also be introducing multiplication by grouping objects and then representing counting in 2s and 10s

Science

In Science, we will be continuing our learning about materials. We will be learning about the terms reduce, reuse and recycle and sustainable materials. We will be selecting suitable materials for plant pots and identifying materials to decorate with.
