

# Dream Big

## English

Children will be writing narratives and non-chronological reports. We will be learning about The Hodgeheg, Tuesday and the Story Machine. Children will be learning about how to use apostrophes for contractions.

## Computing

In computing we will be learning about word processing. The children will type and make simple alterations to text using buttons and will search for, import and alter images. We will also be using copy and paste to copy text from one document to another.

## RE

In RE children will be learning about how Jews celebrate Passover. They will identify ways in which Passover can have an impact on Jewish daily life and family. We will also be learning about the Jewish creation story and Shabbat.

## Reading

We will continue to focus on reading skills like inference, prediction, asking and answering questions and using our wider knowledge.

- The Wolf's story
- The worst witch
- Rescue and Jessica
- A cat's guide to the Night Sky
- Heard it in the playground

## DT

In DT, we will be making healthy wraps!  
We will be naming the main food groups and identify foods that belong to each group.  
We will then think of three different wrap ideas, considering flavour combinations and construct a wrap that meets the design brief and their plan.

## PSHE

Health and well-being  
We will be learning about the benefits of physical activity and how to control and manage emotions.  
We will also be learning about healthy diets and how to keep our teeth healthy.

## Maths

Children will:

- Continue to look at division structures.
- Discuss and compare 2D and 3D shapes.
- Addition and subtraction of 2-digit numbers.

## History

In History, we will be learning about significant individuals, including Amelia Earhart and Neil Armstrong and their contribution to the world. We will also be looking at how aviation has changed over time.

## PE

*Invasion Games:* Children will develop their understanding of attacking and defending skills, as well as how to gain possession. We will also be learning about and applying tactics in a game.  
We will also be completing a dance unit.

## Science

In science children will be looking at different habitats. They will first look at characteristics of living things and then will identify plants and animals in different habitats. We will go outside to find different living things and record what we find.
