

Art Club with Mrs King

Does your child enjoy Art or drawing? Would they like to learn and gain skills and confidence.

Discover hidden talents in illustration, pastels, acrylics, pen and ink drawing, printing methods, painting and many more. All abilities are welcome as I believe every child is an artist.

After school every Wednesday and Thursday in the art room (Everything is supplied, even the aprons). These are hands on art sessions, so they may come back a little messy.

£6 per child per week (It is a seven-week term for Art Club this term)

£36 for the first half of the summer term. For years 3 to 6. (Starts Wed 3rd or Thurs 4th June , this half term ends Wed 8th and Thurs 9th July).

Each session is 1 hour from the end of school until 4.15pm.

The children will have come across me during the last three times the school has taken part in art week. While I was leading art sessions for art week I am trained in wide range of different art types and uses of materials. Each session will have a theme, that will create wonderful pictures, build skills and knowledge. Opening their creative abilities, and inner confidence in themselves.
